

CONTENTS

1. MODERN RESEARCH IN THE FIELD OF ENGINEERING SCIENCES

Artemenko M. Botanical Composition and the Composition of the Ration of the European Roe Deer	11
Bovsunivska V. Methodical Aspects of Forest Management in the SE «Narodychi SF»	13
Bruzda O. Features of Eutrophicated Processes in Reservoirs for Economic and Household Use in Zhytomyr Region	16
Byrko O. The Use of Superhard Materials in Mechanical Cutting	18
Chumak A. State of the Surface Layer of Products from Non-ferrous Metals and Non-Metallic Materials Formed During Diamond Microturning and Polishing	20
Demianyuk D. La Chromatographie Sur Couche Mince et Son Rôledans le Contrôle de la Qualité des Aliments	21
Dyakov S. Analysis of Methods for Processing Flat Surfaces by Widely Versatile Cutters	23
Dubchenko Ye., Chapska K. The Specification of Diamond Rope Torsional Rigidity Coefficient to Refine the Physico-Mathematical Model of Natural Stone Sawing Process	24
Goretska O. Die Analyse und ökologische Schätzung des Trinkwassers im Kommunalwerk "Zhytomyrwodokanal"	26
Hadaychuk S. Design and Technology Parameters of Non-Stationary Cutting when Processing by Single- and Multi-Blade Tool	28
Ischenko A., Kuzmin K. Determination of Keeping Storage Parts at Car Enterprise Warehouse	29
Kalinichenko O. Computer Simulation of the M1 Category Vehicle Motion Using the Suspension Based on Four-Link Lever Mechanism	31
Karachun V. Improving Environmental Situation in Zhytomyr City by Organizing Rent of Electric Vehicles	34

Karimbetova N., Shapovalova O. Measurement of the Movement Parameters of Elements of Diamond Wire Saw	36
Karpova D. Cancer Morbidity Caused by the Ecological Situation in Zhytomyr Region	38
Kotkov Y. Die Analyse der ökologischen Sicherheit der Versorgung mit dem Trinkwasser der Zhytomyrer Region	39
Kovalevych L. Statistical Analysis of Mezhygirya Deposits in Volodymerets Amber-Bearing District	41
Kozak V. Research of Interpolation Quality Changing the Accurate Data of Geological Sampling	43
Koziun Y. The Peculiarities of the Radiation Contamination of the Wood in SE “Bilokorovychy Forestry”	46
Kukharchuk O. Increasing the Speed of Transport Connections and Safety of Urban Passenger Transportations by M2 Category Wheeled Vehicles	48
Levyc’kyy V. Staggered Tooth Cut-off Milling Cutter for Structural Materials’ Machining	50
Lozhkov M. The Research of Pressure Boost and Depression in the Exhaust System Impact on the Petrol Engine Performance	53
Makohnyuk O. Analysis of Methods for Choosing Optimum Gear Ratios of Mechanical Speed Gearbox	54
Mandro Yu. Wood Ash as a Countermeasure to Reduce ¹³⁷ Cs Uptake by Cowberry: Achievement of Equilibrium in Soil-Plant System	55
Melnychuk L., Melnyk K. Water Properties of Podzol Soils in Restored Areas	58
Melnyk K., Melnychuk L. Formation of Soil Physical Structure Parameters in Restored Areas	59
Melnyk V. Pine plantations of Ukrainian Polissia Contaminated by Radionuclides	60
Nidzelsky O. The Estimation of External Exposure of the Residents of Multi-Storey Housing in Zhytomyr	62
Nestertschuk D. Ökonomische Beurteilung der Stabilität der Komplexarbeit von Grubenausrüstungen des Bruchsteines und Steinschuttes	66

Novikov V. Organization of Motor-Transport Parking Facilities in a Modern City	68
Oblozhok A. The Analysis of Technical Requirements to the Quality of Block Raw Materials	70
Pavliuk I. Classification of Rocks in a Massif According to Fissuring Coefficient of the Structural Weakening	74
Savchenko A. Press-stamping equipment	76
Shamrai V. The Study of the Influence of Polishing by Different Methods on the Quality Indicators of Natural Stone Surfaces	77
Sheigas D. Decorative-Facing Stone Massie Fissuring Research	80
Skakun K. Removing of Self-Untwisting and Weakening of Tightening Efforts in Corresponding Bolted Connections of Joints of Metal-Working Lathes	83
Solovyov A. The Methods of Installation and Adjustment of High Precision Machine Tools	84
Sverchevska I. Features of Radioactive Contamination of Forests and Forestry Production of the State Enterprise «Korosten Forest-Hunting Enterprise»	86
Trotsenko T. Review and Analysis of 3D Image-based Measurements	89
Tysiak T. The Usage of Indicator Minerals in Determining of the Diamonds Presence in Kimberlite Pipes	91
Varizhuk L. Renewable Energy Sources and their Potential in Ukraine	93
Yatskova O. Problems Caused by the Rocks Shifting Process and Factors that Affect It	94
Zagurskii P. Zu den Problemen der Aufbewahrung der Umwelt im Betrieb“Zhytomyrfleischkombinat”	96
Zhuravskiy A. Modeling the Car Body Deformation Process During the Crash Test	97
<i>2. MODERN RESEARCH IN THE FIELD OF INFORMATION COMPUTER TECHNOLOGIES</i>	
Bosoy R. The Optimization Logistics Model for Transportation Geoinformation System	99

Dederkal Yu., Sikorsky D. Mechanotronic Robotic Device for Production Objects Recognition	102
Gryshkun Ye. Creation of Mapping Web-server Using Sockets and the Library <i>Shapefile</i>	104
Ivanyuk R. 3D Graphics in a Browser (THREE.JS)	106
Khomenko O. Vehicle Tracking System Using GPS Navigation	108
Khomyak O. Course Controller Drones Using the Fuzzy Logic	110
Kotvytsky O. Right Choice	112
Muzychuk A. Social Networks and their Impact on the Development of Civil Society	113
Mykolaychuk V. Comparison of Windows 8.1 Update and Windows 10	116
Nikolaychuk O. Higher Education Institution Schedule Automated System Development	118
Prosyuk A. Two Channel MEMS-Gravimeter	119
Samsonova N. Planning Motions Strategy of the Working Body of Industrial Robots Using Fuzzy Logic	121
Statkevich D. Automated Control of Standard Time for the Processing of the Production Objects in Drilling Process	123
Tkachenko Yu. Software Application for the Optimum Integrated Heat Emitting Circuits	125
Voloshyn O. Social Networking in Educational System	127
Zakharova A. Orientation Method of Satellite with Predictive Models of Disturbances and Magnetic Moment of Force Coils	131
Zavadsky D. The Key Features and Problems of Modern Software Projects	133
 3. MODERN RESEARCH IN THE FIELD OF ECONOMICS	
Homyak I. Informative Culture of Students in Modern Society	136
Kotenko O. Modern Systems of Incentives for Workers	138
Kysel A. Identification of Corporate Social Responsibility Through Company's Social Expenses: Ukrainian and Foreign Practices	141

Myronets I. Making Logistic Decisions in the Frames of Enterprise Logistic System	144
Ratushniak V. The Main Aspects of Intellectual Property Commercialization and Policy Regulations	145
Shchypanova Y. Economic Analysis as a Component of Enterprise Management System	149
Shevtsova A. Comparative Analysis of Corporate Tax Rate Tendencies	151
Varchuk I. Peculiarities of Trade Marketing Use	154
Vdovichenko A. Classification of Change Management Theories: a Critical Review	156

4. MODERN RESEARCH IN THE FIELD OF HUMANITIES

Beyrak D. Translation Gap	158
Chernysh M. Nurse's Role in the Work with Children of Special Social Status	161
Gopatza T. Forming Leadership Skills at Future Bachelors of Nursing	162
Harnitskiy V. Can a Man be God?!	163
Herasymchuk Ye. Is it Possible to Learn English with the Help of Modern Videogames?	166
Kechedgi A., Sherbina A., Podoprighora S. Cultural Components Seafarer	169
Kobzar P. Diplomatic Circumstances of the Liquidation of the Republic of Krakow	170
Kuznetsova H. Current Approaches to Improving the Quality Work of Medical Personnel Obstetrics and Gynecology Department	174
Lazorko N. Researching of Water and Its Properties	176
Logvin D., Savosta R., Chernomor D. Communication Seafarer on Board	178
Shcherban I. The Importance of Cooperation with the V4 Countries	179
Strelchenko I. How to Overcome Stress in Your Life	183
Tarasiuk I. Biosocial and Spiritual Determinants of Mental Health	184
Voloshyna S. The Problem of Realia Semantic and Stylistic Features Rendering in Modern Translatology	186
